

## **California College Promise Grant Academic Progress Standards**

Recipients of the California College Promise Grant must meet academic standards by completing two consecutive semesters, (not including summer), with a cumulative GPA of 2.0 or greater and successfully complete 50% or more of the SRJC courses in which they have enrolled (W, I, and NP grades are all included in the calculation of completion rate).

Students who have lost their Promise Grant due to academic eligibility standards, may appeal the loss based on certain circumstances, that may have contributed to their probation/dismissal status, by completing the Promise Grant/Priority Enrollment Appeal:

- Extenuating Circumstances: verified cases of accidents, illnesses, or other circumstances beyond the student's control.
- Students with disabilities who applied for but did not receive accommodations in a timely manner.
- Significant academic improvement.
- Changes to the student's economic situation.
- Evidence student was unable to obtain essential support services.
- Special consideration of factors for CalWORKS, EOPS, DSPS and Veteran students (requires program signature on appeals form).

All students on probation/dismissal status will also receive a notification from the Counseling Department about the steps to take to get back on track to successful course completion.

If you have any questions regarding the Promise Grant, please contact Student Financial Services.
